

We, Curran Futures act as intermediary (Broker) between you, the consumer, and the product provider with whom we place your business.

THE BACKGROUND

Pursuant to provision 4.58A of the Central Bank of Ireland's September 2019 Addendum to the Consumer Protection Code, all intermediaries, must make available in their public offices, or on their website if they have one, a summary of the details of all arrangements for any fee, commission, other reward or remuneration provided to the intermediary which it has agreed with its product producers.

WHAT IS COMMISSION?

Commission is the payment which may be earned by us for the work we undertake on behalf of the Insurer and/or Product Producer and by you our client as we offer advice and facilitate transactions on your behalf with the Insurers and Product Producers. Commission is usually paid as a percentage of the premium paid or amount invested.

COMMISSION TYPES

There are different types of commission models:

- **Single commission Payment:** where payment is made to the intermediary shortly after the sale is completed and is based on a percentage of the premium paid/amount invested.
- **Initial Commission Payment:** payment is based on a percentage of the premium paid/amount invested
- **Trail Commission Payment:** payment is based on a percentage of the underlying value of the investment.
- **Renewal Commission Payment:** payment is made at intervals throughout the term of the policy / product, usually a percentage of the premium paid.
- **Indemnity commission:** payment is made before the commission is deemed to be earned i.e paid in advance. Indemnity commission may be subject to a clawback* should a client lapse or cancel the product before the commission is deemed to be earned

***Clawback** is an obligation on the intermediary to repay unearned commission. Commission can be paid directly after a contract is concluded but is not deemed to be 'earned' until after a specified period of time. If the consumer cancels or withdraws from the financial product within the specified time, the intermediary must return commission to the product producer.

HOW THE VARIOUS COMMISSION TYPES APPLY TO THE DIFFERENT PRODUCTS

LIFE ASSURANCE

- For Life Assurance products commission is divided into initial commission and renewal commission (related to premium), fund based or trail relating to accumulated fund.
- Trail commission, bullet commission, fund based or renewal commission are all terms used for ongoing payments. Where an investment fund is being built up through an insurance-based investment product or a pension product, the increments may be based on a percentage of the value of the fund or the annual premium. For a single premium/lump sum product, the increment is generally based on the value of the fund.
- Examples of products include Life Protection, Regular Premium Life Assurance Investments, Single Premium (lump sum) Insurance-based Investments, and Single Premium Pensions.

INVESTMENTS AND PENSION PRODUCTS

- Investment firms, which fall within the scope of the European Communities (Markets in Financial Instruments) Regulations 2007 (the MiFID Regulations), offer both standard commission and commission models involving initial and trail commission. Increments may be based on a percentage of the investment management fees, or on the value of the fund. * [Clawback](#)

FEES

- A fee is a payment for professional services and expertise.
- A fee can be paid by our client directly for the professional services we provide. The amount of any fee will be discussed and agreed, with our client, in advance of all transactions

and/or

- Our Clients have the option to pay for the professional services we provide by way of a combination of commission and fees which we will discuss and agree in advance of all transactions.

Learn more about our [schedule of fees](#) on our website,

OTHER FEES, ADMINISTRATIVE COSTS/ NON-MONETARY BENEFITS

We may be in receipt of non-monetary benefit which we will only accept if it improves the quality of service to our clients. For example; attendance at product seminar

THE PROVIDERS WE WORK WITH, PRODUCTS WE SELL & MAXIMUM COMMISSION AVAILABLE**IMPORTANT NOTE:**

- The below commission guidance gives indicative values across every product provider and every product advised whereby a commission or fee is received within our business. The figures are the **MAXIMUM** our Brokerage will receive.
- The level of commission depends on individual circumstances, based on the following factors.
 - Intermediary discretion
 - Capacity for flexibility in commission rate
 - Policy term
 - Amount of investment
 - Commercial Decision
 - Complexity of the product / client circumstances
 - Product provider constraints
- **Any commission we receive will be disclosed to you verbally, and on a Statement of Suitability document prior to proceeding with any product.**

Below is a list of the providers that our firm deals with, which for ease of reference is in alphabetical order. Click on the link below to review the remuneration of each.

AVIVA LIFE & PENSIONS IRELAND DAC

Term Life Protection

A Term Life Protection Product provides for an initial commission as outlined below. These policies have an inbuilt recurring commission structure to remunerate the Brokerage for reviews, service and claims support. If for some reason a client moves or terminates their policy within a particular period of time, this might result in the provider seeking to “clawback” some or all of the commission paid to the broker, depending on how long the policy was active with the provider

Product	Initial %	Recurring Commission %	Clawback Period (Months)
Term Protection	150%	22%	24

Single Premium PRSA

Typically for this product only an annualised commission is paid out. There can be cases whereby an additional admin or service fee is required, which is disclosed and agreed by the client(s).

Product	Initial %	Recurring %
Single Premium PRSA	4%	0.5%

Specified Illness

A Specified Illness Product provides for an initial commission as outlined below. These policies have an inbuilt recurring commission structure to remunerate the Brokerage for reviews, service and claims support. If for some reason a client moves or terminates their policy within a particular period of time, this might result in the provider seeking to “clawback” some or all of the commission paid to the broker, depending on how long the policy was active with the provider.

Product	Initial %	Recurring Commission %	Clawback Period (Months)
Specified Illness	150%	22%	24

Savings

The Savings contract typically provides for an Initial Commission as outlined below. Brokerages may also agree with a client a recurring commission that may be based on a percentage of the value of the fund or the annual premium. If for some reason a client moves or terminates their policy within a particular period of time, this might result in the provider seeking to 'clawback' some or all of the commission paid to the broker, depending on how long the policy was active with the provider.

Product	Initial %	Recurring Commission %	Renewal	Clawback Period (Months)
Regular Premium PRSA	5%	1%	5%	24

Personal Retirement Bond (PRB)

The Pension Retirement Bond typically provides for an Initial Commission as outlined below. Brokerages may also agree with a client a recurring commission that may be based on a percentage of the value of the fund or the annual premium.
